4. ENHANCING THE LEARNING OF MANDARIN AND PROMOTING UNDERSTANDING OF CHINESE CULTURE THROUGH EDUCATION IN THE ACT

A working group (WG) chaired by the ACT Education and Training Directorate (ETD) was established in June 2014 to explore ways of promoting Mandarin. Members of the WG include representatives from all school systems (ACT government, Catholic and independent), as well as the Australian National University, University of Canberra, ACT Chinese Teachers Network, Association for Learning Mandarin in Australia, and Community Languages Schools. The terms of reference of the WG are:

- To prepare a two-year blueprint for enhancing the learning of Mandarin and promoting understanding of Chinese culture in ACT schools.
- To identify and optimise the resources available for languages.
- To identify and optimise the opportunities in the new Australian Curriculum.
- All participants of the working group have equal responsibility for achievement of the role and aims of the working group.

The ETD has collected information from WG members to build a picture of current activities, the priorities of WG members and ideas for building on current initiatives. This data was discussed at a WG meeting on 17 September 2014. Based on the data collected and discussion at the September meeting, the ETD will develop a draft blueprint for further discussion by the WG in 2015.

HARMONIE CHILDREN'S CHOIR'

The Harmonie German Club, with the support of the German Embassy, is inviting children aged 8 to 15 years to join its new 'Harmonie Children's Choir'. The choir will have its home at the Harmonie Club in Narrabundah and will be led by Dr Gunter Brandstetter, who has been the musical director of a number of choirs overseas and in Australia. Dr Brandstetter will be supported by Miss Brigitta Van Reesch, a qualified teacher, and Ms Joy Kosciuk-Altman, who conducted the Harmonie Choir for some years. The choir will cover a wide range of music and will be open to children of all language backgrounds.

The choir will provide some basic music lessons which will include reading music and voice training. As a number of songs will be in German, children will also receive some basic language tuition from qualified language teachers. There will be an initial assessment of the children's musical and singing ability. Rehearsals are planned for Mondays after school

hours, with some rehearsals on Saturdays in the lead up to concerts – which may be at official functions at the Harmonie German Club and venues outside the club.

This may be a great opportunity for your child to develop some musical and language skills and be part of an exciting project.

For more information, contact Dr Gunter Brandstetter at maestro.gb@westnet.com.au or 0419 263 123 (m) or Ms Joy Kosciuk- Altman on 0437 509 792 (m)
