

Mandarin for Fun

小小快乐华语班

The Mandarin for Fun learning group is partly funded by the government. This learning group is open for people from any background, and uses all sorts of interesting ways to teach Mandarin and deliver Chinese culture via crafts, songs, rhymes and games. The parents and kids actually learn the language unconsciously whilst having so much fun. Apart from the playgroup, we now also offer a few other mandarin learning programs to meet the soaring needs of families with little kids. We hope our programs will help the kids to build up a solid Mandarin language foundation and keep their interest up for further second language development.

Learning options:

- **Playgroup:** every Thursday from 3.20 pm to 4.45 pm (school term) at the West Belconnen Child and Family Centre, 6 Luke Street, Holt. Our playgroup is aiming at helping non-Chinese background families with their interest in learning Mandarin. We will make the learning full of fun with storytelling, songs, rhymes and games.
- **Kids Immersion:** every Thursday from 10 am to 2 pm, a small group program suitable for kids between 3 to 5 years old and with little or no Chinese background. The kids will stay 4 hours every Thursday in a home environment and be exposed to everyday Mandarin learning. This includes doing craft, sharing morning tea, playing games, having lunch and outdoor activities all using Mandarin to communicate, which is a highly effective way of learning the language.
- **Private Family Immersion lesson:** a short private family immersion course is also available which is created to fit into individual family needs and time slot. Further information can be discussed per request.
- **Radio Program:** we also volunteered to host a Mandarin Language program at 2XX radio station, 98.3FM every Friday afternoon from 6.30 to 7.00 pm, where we showcase our Mandarin for Fun program on air to make the learning curve easier for anyone who wants to be involved in learning Chinese.

The numbers for some of the programs are limited. Please register your interest via mandarinforfun@gmail.com. You can also phone Lucia on [0410 981 788](tel:0410981788).

This project is supported by the 2014-15 Participation (Multicultural) Grants Program, ACT Government

Learning Mandarin Can Be Fun
